## **REFUND POLICY**

Because most of the fees that are paid for camps and events are actually spent or committed prior to the actual camp or event, refunds for Council and district camps and activities will be made only under the following conditions:

Request for cancellation of a reservation must meet one of the following criteria:

For the use of Council camps, summer camp, or any overnight camping event, a written request must be received by Volunteer Services at the Council Service Center at least thirty (30) calendar days before the event.

For all non-overnight events, a written request must be received by Volunteer Services at the Council Service Center at least fourteen (14) calendar days before the event.

A request for a refund must be made in writing and submitted by the person who made the original reservation.

Refunds will be paid by Council check and will require the approval of a member of the Council Management staff. The Volunteer Services department will request this approval.

Cancellation requests received by the required deadline may result in a full refund minus a nonrefundable, non-transferable fee for expenses incurred and administration.

Exceptions to the deadlines above will be made in the case of an emergency, injury, or illness.

Requests must be in writing and verified by a parent and/or guardian and a physician. The maximum available refund under this provision will be 50% of the total fee paid by the individual.

The implementation of this policy was September 1, 2003.

This policy supercedes any and all previously adopted or implied Refund Policies. I have read and understand the Council Refund Policy and on behalf of our unit agree to abide by its provisions.
